1.866.704.4268

## Call Home For The Holidays With Our Simple Long Distance Plans:

.07-cent plan with a \$7.95/monthly charge

.10-cent plan with a \$1.95/monthly charge

.12-cent plan with no monthly charge

## Call Feature of the Month

### Call Forwarding for only \$1.00 per month

This feature means your phone can transfer incoming calls to another number of your choice. Call Forwarding is great for the business person who wants to catch after-hours business calls at home, or for anyone who doesn't want to miss an important call. All incoming calls can be transferred to another phone number. If your call is not answered at the forwarded number the call will be terminated. Once this feature is activated (**72#**), you must deactivate (**73#**) if you do not want your calls to continue to go to that phone number.

Call our offices at 800-339-8052 or 800-287-7905 for more details and information on other Call Features.

## **SAFETY TIPS BEFORE YOU SHOP ONLINE**

*Tips from NETLINK - Plateau Telecommunications*

The Federal trade Commission recommends that before you shop online, you know how to keep your information private and secure. Follow these tips so you won't have any trouble when you shop from your computer:

- Make sure you use anti-virus software that recognizes current viruses as well as older ones, and can reverse any damage, and updates automatically. Update your anti-virus software regularly. A firewall blocks unauthorized access to your computer, you need a firewall to block communications from unauthorized users.
- Make sure your Web browser and operating system are up to date. If you have holes in your browser, this could allow spyware, hackers and phishers to exploit.
- Don't e-mail your financial information. E-mail is not a secure way of sending your information, so use another method if possible.
- Be cautious about opening any attachment. Don't open an attachment, even if it's from a friend, unless you know what's in it and you are expecting it.
