## Movies Online

Have you been wondering what the next great thing about the computer age was going to be? Well, wonder no more! Now thanks to websites such as [www.netflix.com](http://www.netflix.com), [www.movielink.com](http://www.movielink.com), [www.amazon.com/unbox](http://www.amazon.com/unbox) and more, you can buy or rent downloadable movies and watch them on your home pc or TV.

Most everyone has heard of Netflix, a company that mails movie rentals directly to your house, but did you know that you can also watch your movie selection instantly on your PC? Netflix has 5 different monthly plans and on all but one of them you get unlimited hours of movie watching on your PC in addition to the rentals through the mail. These packages include no late fees and free shipping both ways. System requirements for Netflix include Windows XP or higher and an active broadband connection to the Internet.

Movielink, owned by Blockbuster, is a rent or buy site. There are no subscription fees, and with your first download, you'll get the Movielink Manager, a program that helps you manage and view your movies. Rentals start

at 99c/movie and you can store a movie for up to 30 days after checkout. Once you start playback, you can watch it as many times as you like for the 24 hour viewing period. Purchases start at \$1.99/ movie and there is no limit to how often you view these movies. System requirements for Movielink are Windows 2000 or higher and an active broadband connection to the internet.

Amazon Unbox is also a rent or buy site, with no monthly fees. You just need to install the Amazon Unbox video player, which allows you to watch and manage your movies and you're ready to go. Currently, the Unbox video player only works on PC's running Windows XP, and again an active broadband connection to the internet is required.

These are just three of the websites that are sweeping the internet age. Most computers already meet the requirements, you just need access to the internet. Haviland Telephone offers 6MEG DSL service, which is a high speed broadband connection ideal for downloading and viewing movies at top speed. To sign up for DSL access call one of our offices and set up an appointment today!

# Telephone Listings

## IS YOUR DIRECTORY LISTING CORRECT?

As most of you know, HTC did not publish a 2007 directory. Because of this interruption in our routine, it is doubly important for your feedback. Please, take a minute or two to check your listing at **havilandtelco.com**. Is it as you wish it to read? Is it correct?

If you find an error, please fill out the correction and return it with your payment, or call us with changes at 800-339-8052 or 800-287-7905

Sometime in March we will provide, to a printing company, the then-current listings for the June 2008 telephone book. Our billing and customer information database provides this information. Other directory companies periodically request this information, provided under license. We provide these listings at a nominal fee to these companies for one-time use, omitting listings for residences and businesses that request non-published phone numbers.. These companies are not licensed to re-sell this information. We do not sell directory listings to wholesale listing providers.

Similarly, we have traditionally paid larger phone companies or specialty Directory Assistance companies to provide local "411" Directory Assistance. We provide this information only to AT&T, with listings specified by customers as non-listed omitted.

Again, we do not provide this listing data to wholesale providers of listings. How online directories, other operator services, or other directory assistance services get listing information is outside this format.

If you have questions or concerns about directory or information listings, please call us.

## Just for Fun

One night, Ole and Lena were fast asleep when all of a sudden the phone rings. Ole awakens and goes to answer it. "How the heck should I know, that's a thousand miles away!!" he barks into the phone and then slams down the receiver.

"Who was that?" asks Lena.

"I have no idea, Lena," answers Ole. "Somebody wanted to know if the coast is clear."

A ventriloquist is telling Irish jokes in a pub, when an irate Irishman stands up: "You're making' out we're all dumb and stupid. I oughtta punch you in the nose."

"I'm sorry sir, I..."

"Not you," says the Irishman, "I'm talking to that little fella on your knee."

An aging man lived alone in Ireland. His only son was in Long Kesh Prison, and he didn't know anyone who would spade up his potato garden. The old man wrote to his son about it, and received this reply, "For HEAVENS SAKE, don't dig up that garden, that's where I buried the GUNS!!!!!"

At 4 A.M. the next morning, a dozen British soldiers showed up and dug up the entire garden, but didn't find any guns. Confused, the man wrote to his son telling him what happened and asking him what to do next.

His son's reply was: "Just plant your potatoes."

"I married an Irishman on St. Patrick's Day."

"Oh, really?"

"No, O'Reilly!"

1. What is out on the lawn all summer and is Irish?
2. What do you call a fake stone in Ireland?
3. What do you call a diseased Irish Criminal?
